# WHO WE ARE

We are a whānau team that love our culture, physical fitness, the outdoors, natural all-encompassing wellness and adventures in Aotearoa.

We take pride in practising what we preach and in playing an active role in the revitalisation of Te Reo Māori me ngā tikanga o neherā by ensuring it is the first language in our home and lives.

We are on a mission to re-establish papakāinga living (intergenerational or hapū) living for our immediate and extended whānau.

“Whānau, culture, and Te Reo Rangatira is the centre of our world, we believe in holding onto cultural traditions and practices, whilst being bold enough to create our own.”
